ABOUT US

Dream Door, a sister concern of Dream Touch Architects Ltd. is an initiative for designing and producing luxury doors for residential and commercial purposes.Door is more than just functional pieces – it's an extension of your personal style and a reflection of your dream living space. Our mission is to provide high-quality, beautifully crafted doors that transforms place filled with comfort, elegance, and warmth.

Since 2006, we have been conducting outstanding woodwork to satisfy our clients' demands across the country. We take challenges to meet the requirements of our respected customers in terms of creativity, quality, commitment, and services. Our effort to source the finest materials, combining traditional craftsmanship with contemporary designs to create pieces that are both aesthetic and trendy.

In our modern technology-based large factory, we ensure volume production capacity within a short time.

OUR VISION

Our vision is to touch the dream where our capabilities successfully meet the requirements of our valued clients with transparency and cost-effectiveness.

OUR MISSION

- Delighting customers by providing creative solutions.
- Being the best place to work for employees.
- Delivering best quality products with rational price to respected clients.
- Being commited to deliver the products in time.
- Providing post-handover services to meet the requirements of the clients.
- Being a responsible part of the society by generating employment.

OUR CONCERNS:

- Dream Touch Architects Ltd.
- Dream Furniture BD.
- Dream Construction BD.
- Dream Consortium BD.
- Dream Properties Ltd.

Our products made of solid timbers are chemically treated with pressure and scientifically treatment formulas are from BERI and MTB. After chemical treatment all timbers are seasoned for 15 to 20 days in seasoning chamber. Moisture rating for seasoned timber is in between 16% to 18%. Finally it will gain maximum 3% additional moisture from nature while preparing the products.

EXCLUSIVE FITTING & FINISH GUARANTEE

Our solid timber products distinguishes itself with meticulously crafted joints and finishes, tailored for enduring excellence. Our dedicated team of experts meticulously applies modern techniques, guaranteeing not only long-lasting performance but also upholding the highest standards of quality throughout the production process.
